## **New School Building**

### **Requesting..**

The present condition of the school is in a critical stage which is not safe for the children to study. We need support to improve the safe learning environment for the students. Be part of us as we endeavor to build one more floor on the existing school building to create a safe learning environment for our students. After building one more floor in the present school building the students will be shifted to the new school and study in a classrooms where they will have a safe environment.

**Thank you**

*Come Again....*
